EXPERIENCE

100% Self Performing

150,000 Customer Locations

2,000+ Daily Site Visits

600+ Employees

60+ Years of Experience

BFC IS YOUR TRUSTED EXPERT.

OUR GOAL SUSTAINABILITY

We strive to reduce waste, both in our workplace and in our products. In the workplace, we created dedicated recycling areas where employees can separate compostable waste and recycle. Our products are also sustainable. Our patented PleatLink™ filters completely eliminate cardboard waste.

OUR SYSTEM PLEATLINK®

Our patented PleatLink® filters eliminate fit 20 boxes worth of filters into a single bag, allowing us to reduce transportation emissions by 60% and eliminate 100% of cardboard waste. Quarterly filter changes help protect your equipment as part of your regularly schedule maintenance for your HVAC equipment. We manufacturer here in the United States which gives us control of the supply chain and help reduce costs.
