

HVAC Planned Preventative
Maintenance

FACILITY MAINTENANCE GROUPS

What we do

BFC Solutions understands the challenges facing Facility Maintenance Groups today. We create tailored service programs for our partners in HVAC, refrigeration and other preventative maintenance solutions. We help keep your team focused on high priority and high revenue projects while we manage the low skilled, labor intensive projects helping your profitability. We have brought on new services to help meet the changing needs of our operators and keep up with the changing landscape and needs of our customers.

Our Partners

Unlocking Value

- Dedicate skilled labor to complex tasks while BFC handles semi-skilled labor
- Reduce operational complexity
- Nationwide self-performing service

Proven Practices

With the increase in energy, labor, and materials we are seeing operational costs rising. We also know that in a single store repairs and maintenance can cost as much as \$38,000 per year. Having a plan for preventative maintenance can help you reign in costs to help your bottom line

OUR IMPACT ON **FACILITY MAINTENANCE GROUPS**

BFC Solutions is the partner of choice in the Facility Maintenance Groups. We create tailored service programs for our partners in HVAC, refrigeration and other preventative maintenance solutions to keep their stores running inside and out. We have brought on new services to help meet the changing needs of our operators and keep up with the changing landscape and needs of our customers.

OUR GOAL **SUSTAINABILITY**

We strive to reduce waste, both in our workplace and in our products. In the workplace, we created dedicated recycling areas where employees can separate compostable waste and recycle. Our products are also sustainable. Our patented PleatLink™ filters completely eliminate cardboard waste.

SERVICE PORTFOLIO
