

HVAC Planned Preventative
Maintenance

RETAIL STORES

Retail owners are currently facing challenges due to nationwide staffing shortages, rising costs of goods, delays in shipping, fuel, and other expenses that directly impact retail operations. With long lead times on new equipment for the retail space owners, extending the life of equipment is more important now than ever. BFC Solutions understands the need to give our customers more time in their day to focus on running their business. We offer bundled services from the roof to the kitchen to keep your retail business running smoothly.

What we do

Our Partners

Unlocking Value

- Reduce operational complexity
- Nationwide self-performing service
- Focused on sustainability

Proven Practices

With the increase in energy, labor, and materials we are seeing operational costs rising. We also know that in a single store repairs and maintenance can cost as much as \$38,000 per year. Having a plan for preventative maintenance can help you reign in costs to help your bottom line

OUR IMPACT ON **RETAIL STORES**

Whether you're a regional multi-unit chain retail store or a large National Retail brand, we have a program to meet your needs. We are ready to grow with your business, giving you a vendor you can trust nationwide. Our team of techs keep you on top of your preventative maintenance schedule letting you focus on the what's important to growing your business.

OUR GOAL **SUSTAINABILITY**

We strive to reduce waste, both in our workplace and in our products. In the workplace, we created dedicated recycling areas where employees can separate compostable waste and recycle. Our products are also sustainable. Our patented PleatLink™ filters completely eliminate cardboard waste.
